## Democracy in Action

Is Democracy working? Could it be improved? If so, how? We are planning an in-depth and engaging look at the political landscape both here in the UK and abroad, digging deeper into what goes on during election periods, the pros and cons of different voting systems, and the day to day workings of those who represent us. This will be a day filled with discourse and debate, exploring the rights and responsibilities we need to take seriously in order to ensure a better and brighter future for our society, both nationally and as global citizens.

Join us for a wide-ranging and fascinating programme and discover how you and your students can get involved with governing the world and changing society for the better!
