GCSE Science in Action

Join us for the ultimate science enrichment day for KS4 in autumn 2018! Five interactive and highly engaging sessions will inspire and challenge your students. There will be demonstrations and audience participation, and students will discover the wonder of science in our specially designed programme, delivered by the leading lights in the field. A session on examination success will equip students with the tools to succeed, and each student will receive our incredibly useful revision guide to take home. This is Science in Action!

- ZAP! The story of electricity
- Deep ocean lab
- The human guinea pig: Inside the NHS... and Tom!
- Super science!
- When galaxies collide!

University of Salford
The Crescent
Salford, M5 4PD

£19 + VAT*

Plus one COMPLIMENTARY staff ticket per 10 students. *VAT may be reclaimable please check with your finance department

ttp is the leading provider of inspirational, informative, Education in Action study days for A-level, IB, BTEC and GCSE students.

Award-winning, world-class speakers

Cutting-edge content

Thought-provoking demos and presentations

Examination hints, tips and guidance

Modestly priced to offer access to all

Complimentary staff ticket for every 10 students booked

Bookings can be amended up to 28 days before the event day

GCSE Science
in ACTION

ZAP! The story of electricity / [Marty Jopson](#)

From the Ancient Greeks, through Faraday's genius, Marty aims to put the awesome back into electricity. You may think we have electricity tamed, but are you sure? This session is chock full of huge sparks and a plucked chicken.

Marty has a PhD in plant biology, is a science TV presenter, live show performer, writer, strange prop builder and all round Science Bloke.

Deep ocean lab / [Greg Foot](#)

Join YouTuber & BBC Science Presenter Greg Foot for the story of his scientific adventure diving to 1000ft in the deep ocean in a high-tech submersible.

Greg hosts multiple BBC series on TV & Radio, has over 25 million views on YouTube, and performs spectacular science demo shows on stages around the world.

The human guinea pig: Inside the NHS... and Tom! / [Tom Warrender](#)

Meet Tom the human guinea pig who has visited dozens of health professionals to discover the amazing careers you can get into with 5 GCSEs at levels 9-4! Oh... and he'll perform some medical demos live on stage! Any volunteers....

Tom Warrender is famous for putting himself through real full blown medical procedures in hospitals & schools to inspire the next generation of health professionals.

Super science! / [Sujata Kundu](#)

Suze will take you on a journey into the science that will have you wondering what is science fiction and what is rapidly becoming science fact as she uncovers the secret world of superhero science!

A nanochemist both literally and professionally, Suze's research focuses on materials that can capture solar energy.

When galaxies collide! / [Megan Argo](#)

Join astrophysicist Megan Argo for a look at the catastrophic consequences when galaxies get a little too close for comfort, and get a sneak preview of our own galaxy's distant future...

Megan is a lecturer in astronomy at the University of Central Lancashire where she studies galaxies colliding throughout the universe using a radio telescope the size of planet Earth.
