GCSE Science in Action

Join us for the ultimate science enrichment day for KS4 students in autumn 2020! Five interactive and highly engaging sessions will inspire and challenge your students. There will be demonstrations and audience participation, and students will discover the wonder of science in our specially designed programme, delivered by the leading lights in the field. A session on examination success will equip students with the tools to succeed, and each student will receive our incredibly useful revision guide to take home. This is Science in Action!

- The human guinea pig: Inside the NHS... and Tom!
- The facts behind the fads
- ZAP!
- A walk on the wild side
- A room with a boom!

GCSE Science
in ACTION

The human guinea pig: Inside the NHS... and Tom! / [Tom Warrender](#)

Meet Tom the human guinea pig who has visited dozens of health professionals to discover the amazing careers you can get into with 5 GCSEs at levels 9-4! Oh... and he'll perform some medical demos live on stage! Any volunteers....

Tom Warrender is famous for putting himself through real full blown medical procedures in hospitals & schools to inspire the next generation of health professionals.

A walk on the wild side / [Lucy Eckersley](#)

What does conservation in the real world look like? Is it all just about Giant Pandas? Join Lucy Eckersley as she explores the world of wildlife biology and considers the question - Which animals should we save?

Lucy is an Outreach Officer at the Royal Veterinary College where she works on widening participation, and is a freelance science presenter.

The facts behind the fads / [Greg Foot](#)

Join BBC Science Journalist Greg Foot to search for the facts behind the fads. In his popular BBC Radio 4 show & podcast 'The Best Thing Since Sliced Bread?' Greg looks for the scientific evidence behind a product's bold claims; from teeth-whitening to sunscreen [...]

Greg Foot is a Science Journalist on BBC Radio 4 ('The Best Thing Since Sliced Bread?'), a successful Podcaster ('Surprisingly Brilliant') & YouTuber ('BBC Earth', 'Let's Go Live' etc) & [...]

A room with a boom! / [Nick Barker](#)

Discover relevance of chemistry to all of our lives. As well as making connections to some current chemical research, this is also likely to be your only opportunity to see a nappy and hydrochloric acid appearing in the same talk!

Nick runs an education programme for schools which engages with around 7000 young people per year. Prior to that he was a teacher of science in state secondary [...]

ZAP! / [Marty Jopson](#)

Marty has a PhD in plant biology, is a science TV presenter, live show performer, writer, strange prop builder and all round Science Bloke.
