## Maths in Action

Give your KS5 students the opportunity to meet our crack team of mathematicians, engineers, statisticians, architects, code-breakers, data scientists and more for the ultimate educational experience. Maths in Action features five lively and enriching sessions exploring a variety of topics carefully designed to extend students' knowledge. A session on examination success will equip students with the tools to succeed, and each student will receive our handy revision guide.

# Maths in ACTION

## Financial wizards / [Bobby Seagull](#)

Bobby will share his personal experience of the financial crisis of 2008 from the trading floors of *Lehman Brothers* and explore financial derivatives and some of the weapons of math destruction that caused the most chaotic recession in a lifetime.

Bobby was an investment banking trader, chartered accountant, social entrepreneur and a semi-finalist captain on University Challenge. He is an author, TV presenter and now teaches Maths.

## Windmills of your mind / [Ben Sparks](#)

Join Ben to discover how circles and spirals turn up in the most surprising of places can be a source of beauty, awe and mystery as Ben explores ways in which maths can be, literally, moving.

Ben is a mathematician, musician and teacher, based at the University of Bath. He regularly gives talks and workshops to schools. Ben still gets surprisingly excited about imaginary numbers.
